

KEVIN (SUN) KIM

kevinsunkim@outlook.com | linkedin.com/in/kevinsunkim | Toronto, ON | (905) 320-3031

Product Manager with 6+ years in fintech and credit infrastructure, turning ambiguous problems into shipped products. Led credit card platform launches with multiple Schedule I institutions from discovery through deployment, growing partner acquisition by 300%, and spearheaded an 8-month data migration unifying legacy on-premise systems onto Snowflake to unblock the company's AI/ML roadmap. Skilled in customer discovery, cross-functional leadership, and translating market signals into roadmap decisions.

EXPERIENCE

Product Manager

Plusgrade

Toronto, Canada

2024 – Present

- Led an 8-month migration unifying four post-acquisition on-premise sources into Snowflake, implementing a unified data platform across hundreds of tables, billions of records, and three business units.
- Integrated two new Payment Service Providers into the platform, improving authorization rates and enabling local currency processing internationally.
- Led discovery on infrastructure gaps blocking the company's AI/ML roadmap and partnered with leadership on prioritization, turning a latent constraint into a funded initiative.

Product Manager

ATB Financial

Toronto, Canada

2023 – 2024

- Defined success metrics and tracking for the ID verification service with data and engineering teams, improving data accuracy by 25% and product performance by 10%.
- Standardized product documentation spanning requirements, success metrics, and go-to-market strategy.
- Translated product requirements into prioritization decisions with product and operational teams.

Senior Product Manager

Brim Financial

Toronto, Canada

2021 – 2023

- Directed the end-to-end deployment of credit card platforms across multiple Schedule I Financial Institutions, migrating over 1M users and processing \$100M+ in payments.
- Partnered with FI stakeholders through pilot and early-launch phases to validate platform requirements ahead of broader rollout, contributing to 300% partner acquisition growth.
- Synthesized input from Product, QA, and partner FIs into prioritized roadmap initiatives, reporting findings directly to the VP of Product.

Category Business Analyst

Canadian Tire Corporation

Toronto, Canada

2020 – 2021

- Supported integration of Party City concept stores into 300+ Canadian Tire locations nationwide.
- Integrated newly acquired business systems into Canadian Tire's enterprise data warehouse.
- Analyzed inventory management workflows and translated findings into prioritized recommendations, cutting excess inventory by 15% and using data to inform product/process decisions.

Product Manager (Intern)

IBM

Ottawa, Canada

2019

- Partnered with engineering to define and evaluate a JVM optimization prototype for IBM, validating a 40% startup performance improvement that greenlit the feature for production.
- Conducted competitive analysis and market research, resulting in the identification of new product opportunities and revenue streams for the company.
- Presented business pitch and prototype during the final Dragon's Den conference, speaking to over 200 colleagues and distinguished managers in New York City.

Business Analyst

Intrepid Ventures

Seoul, South Korea

2018 – 2019

- Worked directly under the founders and advisory team to effectively launch the company's first funding initiative, successfully raising over \$1 million.
- Developed and maintained relationships with key stakeholders, including investors, partners, and customers, resulting in improved product features and increased revenue.
- Collaborated with marketing and sales teams to develop and execute go-to-market strategies for new product launches, resulting in a 33% increase in customer acquisition.
